

MINI LIGHT ARROW | HIGHLIGHT THE PRESENCE OF SMALLER VEHICLES

- RELIABLE HORIZONT TECHNOLOGY MANUFACTURED USING ROBUST MATERIALS
- MEETS SIGNS AUTHORISATION HA26/36/01, PLAN 37A, B, C AND D
- AVAILABLE IN 15 OR 13 LAMP CONFIGURATION IN HALOGEN AND LED OPTIONS
- MOTORISED SYSTEM FOR ROOF MOUNTING AVAILABLE

Highway Cares Mini Light Arrow is a lightweight device used by many traffic management and road maintenance contractors to highlight the presence of smaller vehicles. Presented as a panel only or with a galvanised steel frame; Highway Cares' Mini Light Arrow is visible over a long distance, allowing motorists enough time to move away from a blocked lane or hazard. Meeting Type Approval & Authorisation of Traffic Signs, the Mini Light Arrow is ideal for use on routine maintenance and ISU vehicles.
